

## Physical Accessibility

### Terrain Details for Paths, Walkways and Road Surfaces

- packed and loose gravel, slate, stone and brick
- grade varies from easy to steep

### Travel on the Grounds

- Wheelchairs are available at the Museum store
- Children's strollers and wagons are available at the Museum store.
- Accessible shuttle completes a circuit around the grounds approximately every 15 minutes.
- Distance from Admissions to the Meeting House is approximately ¼ mile. Seating is located throughout the grounds.

### Service Accessibility

- All services at the Museum Store and Café are fully accessible.
- Additional accessible restrooms are located at the Railroad Station and Stagecoach Inn.
- The *Ticonderoga* reading room includes an Access and Explore notebook containing images and descriptions of areas of the boat that are not accessible.
- Audio and/or video interpretive installations are located in exhibitions in Beach Gallery, the *Ticonderoga*, Webb Gallery, the Meeting House, and Variety Unit.
- Handheld "i-loview" magnifiers may be checked out at the Museum store. The devices magnify up to 32x while also adjusting for brightness and contrast and are best used for reading label text and signage. Generously donated by Ai Squared, a Vermont-based accessible technology company.

## Exhibit Accessibility
