SHELBURNE MUSEUM

CLASSIC AUTO FESTIVAL

Celebrate Father's Day Weekend by taking a trip down memory lane...in the chassis of your choice! The Shelburne Museum Classic Auto Festival, featuring automobiles from every era, is a beloved annual event that unites our past, present, and future.

The 2018 Festival celebrates electric vehicles. Though now they are becoming more prevalent on today's roads, electric cars have a long history. A hundred years ago, automobiles with names like Detroit Electric, Baker Electric, Columbia, Rauch and Lang, and even Studebaker were a common sight on the streets of America.

Be on the lookout for vehicles arranged throughout the Grounds by various eras, including electric cars. And don't forget to check out the *Trailblazers: Horse-Powered Vehicles* exhibition in the Round Barn to remind us how far transportation has come!

SATURDAY, JUNE 16

8:00-10:00 a.m.

Car owners complete registration process and enter the Museum.
